

# **SAT PREP CLASS**

## **MARCH - MAY 2023**

*How concrete strategies and practice can eliminate the stress of taking the SAT.*

This course will prepare students for the **May 6, 2023, SAT**. The course is conducted online and is a comprehensive, individualized approach to SAT preparation (4 students maximum).

### **Eight Classes**

**Thursdays: March 16th, 23rd, 30th; April 6th, 13th, 20th, 27th; May 4th**

6:30 pm to 8:15 pm

(45 minutes Math — 15-minute break — 45 minutes Verbal)

The cost of \$875 per person includes an SAT prep book that will be sent directly to the student's home. Students will complete practice questions independently every week, and submit them by Tuesday for analysis prior to the Thursday session. Students will complete two full practice tests during the course which will be scored.

Students will learn a variety of **Math, Reading, Writing, and test strategies**, including:

- How to look for patterns and identify the type of question you are answering.
- How to understand what the question is really asking.
- SAT-specific math formulas and grammar rules.
- Making word problems into equations.
- Active strategies include underlining, diagraming, and mental checklists.
- Pacing and identifying the order in which to do problems.

The course is taught by **Linda Barnes of SupportEd**. Linda has over 30 years of experience in education, including more than 10 years of tutoring and test preparation. Reply to [lindabarnes@supportedllc.com](mailto:lindabarnes@supportedllc.com)

"Excellent SAT tutor for my twins: Linda has done a great job tutoring my twins. They are different learners and she has done an excellent job with each of them. They've enjoyed working with her and have found her very helpful. From my perspective as a parent, her communication with me is clear and prompt and she is easy to work with. I recommend Linda without hesitation!"
